21000

**TO WHOM IT MAY CONCERN**

SGM d.o.o. is committed to continuing and expanding our environmental protection measures and policies.

We continuously keep track of all changes that concern, for example, the scope of validity, certification, and expiration dates.

Product compliance is ensured by material composition test reports and/or compliance declarations provided by suppliers and manufacturers.

The Recast RoHS Directive (also known as RoHS 2.0) maintains these restrictions and extends them to medical devices (category 8) and monitoring and control instruments (category 9).

The same 6 substances and same threshold limits for each of the substances still apply.

**2011/65/EU RoHS Recast Directive (RoHS 2.0)**

Restriction of Hazardous Substance	Content of Compliance
Lead – Pb	<0.1% (1000ppm)
Mercury – Hg	<0.1% (1000ppm)
Cadmium – Cd	<0.01% (100ppm)
Hexavalent Chrome - (Cr+6)	<0.1% (1000ppm)
Polybrominated Biphenyls – PBB	<0.1% (1000ppm)
Polybrominated Diphenyl Ethers – PBDE	<0.1% (1000ppm)

We guarantee that our product:

**SGM-STIM-2**

which have been declared RoHS 2.0 compliant, are designed and manufactured according to Art.4 of directive 2011/65/EU.

SGM d.o.o. is in compliance with the following European Union Directives and is actively restricting the use of designated substances.

**2011/65/EU RoHS Recast Directive (RoHS 2.0) Restriction of Hazardous Substance**
